LARGE DIVIDEND OF INSURANCE

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF

FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available to such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the legal fund.

The company is now only in the eighteenth month of its active operation—yet

HAS ISSUED 3,000 POLICIES

THE POLITICAL SITUATION.

Since the last Presidential election, says the Columbia Phœnix, when party lines where strictly drawn and almost every voter planted himself squarely in the ranks either of the Democratic or radical party, a marked change has taken place in the political situation. And we are pleased to find it a change for the better.—Whilst the Democratic party has remained intact, quietly resting upon its arms, a division has arisen in the Republican ranks.—They are now Republicans conservative and Republicans radical: In the Union at large, Wedkell Phillips may be regarded as the type of the latter class, and Horace Greeley—getting wiser as he grows older—of the former. In South Carolina, Senator Sawyer represents the conservative Republican, and Dr. Mackey the radical.

In Virginia and Tennessee, the Democrats, uniting with the conservative Republicans, adopted a plausible policy, and won a great political victory. It remains, however, to be seen if they are allowed to enjoy its fruits.

The indications thus given are suggestive of the possibility of better days, and of a wiser policy than that which has governed the country these four dreary years just past. The day of political disfranchisement and of odious test oaths seems to be passing off, and as the fierce rage of the Northern radicals dies away, there is a chance for the South—oppressed and outraged as no Christian people ever were before—to have a fairer field for the enjoyment of her rights, and the development of her industries. The Republican porty has purged itself, in its conservative *role*, of much that was offensive, unjust and unwise; but it will have to divest itself of very many more objectionable features before it can at all commend itself to the toleration of the intelligent people of South. In the meantime, let us hope that there will arise a disposition among the good men of all parties to unite in the effort to resist the national tendency to unity and empire, to rebuke the spirit of political intrigue and corruption, and to make the country great as well in moral grandeur as in material prosperity.

WORKINGMEN'S ASSOCIATIONS.

The workingmen of the United States, says the Norfolk HERALD, are fast becoming a great power in the land, a power which, if properly employed, must shape the destiny of the country for years to come, prove a check to the giant strides of untaxed capital, and restore to some extent the prosperity and usefulness of the nation.—Their associations are now a blessing to thousands, elevating and improving their moral and pecuniary condition, and an injury to none so long as they keep within the legitimate bounds prescribed by their founders. They may be made, however, in the hands of unscrupulous and designing men, engines of oppression and a curse to their members and the country. Keep them pure, then, workingmen of the United States; see that the good and the true preside over your Unions; let not your high places of honor, trust and power be conferred upon mousing politicians, whose only aim is to elevate themselves and betray all who place any confidence in them. In the interest of an enlightened humanity, rule the politician, and make him who aspires to high places of trust and honor, feel that his chances for success are only good so long as he continues what the genius and policy of a republican government require him to be, a servant of the people. Your mission is a noble one; see to it that it is not degraded by being placed in unworthy hands.

STATE NEWS.

BROKE INTO THE MARSHAL'S OFFICE.—On Monday night an unknown burglar succeeded in gaining entrance into the City Marshal's office through one of the windows; and with the use of a large dumb bell, that lay in the room, one of the desk drawers was forced open; but we are glad to say it contained no money, and the scoundrel accomplished nothing by his bold act.

It is presumed the party must have seen the Marshal deposit money in the identical drawer during the day, and it is known the scamp was not aware that this official always removed the funds to a securer place at night.

The same burglar also gained ingress into the office occupied by the Clerk of the Special Court, but there too he met with no success, as his efforts to find money proved unavailing.—*Star.*

ACCIDENTALLY SHOT.—A few days ago a colored girl was accidentally shot on the plantation of Mr. Arthur Hall, and the wound though dangerous is not, it is hoped, mortal.

The particulars we condense: On the morning in question an old colored man, familiarly called "Uncle Joe," had decided to clean one of the two guns on the plantation, and we will add that one was loaded, and the other empty. Through mistake he picked up the loaded weapon, and preparatory to cleaning it, concluded he would "snap it." Unfortunately it discharged, the whole load of shot lodging in the shoulder of the girl towards whom it chanced to be pointed.—*Ib.*

PETITION GRANTED.—Yesterday John Roberts, a colored jail prisoner, whose offense was assult and battery, petitioned the Special Court to release him on the grounds of bad health, and inability to give the bond required of him by the *Superior* Court. It appearing that the act had been committed within the city limits, the prisoner was ordered by the Judge of of the first named Court to be discharged on his own recognizance in the sum of one hundred dollars.—*Ib.*

The "Grass-Growing Association" of Edgecombe county held their Anniversary celebration at Teat's Bridge on Saturday last, Captain John S. Dancy being selected as President for ensuring year, *vice* Jesse Rowell Esq., who filled that position during the year just ended with so much dignity. A large number of the farmers of that county were present, and we understand a good time generally was had. The question of changing the Association into an Agricultural one was hooted down, as the fun-loving portion of the members desired no such encroachment upon their enjoyment.
Roanoke News.

GOING AHEAD.—The grading on the Chatham Railroad is being pushed on vigorously. The work is nearly finished to the terminus on the R. & G. Road, back of B. P. Williamson's Foundry, where the Depot is to be.

It would be a fine thing if all the Roads would club in and build one grand, capacious warehouse for the deposit of all the freights arriving at or departing from the city, with rooms for passengers, and all the Ticket offices in the same building.—*Sentinel.*

PROBABLE MURDER.—A difficulty occurred at the plantation of Dr. S. S. Satchwell, near Rocky Point, on Saturday last, between Geo. W. Anderson, and another man, name not ascertained, both colored, in which the latter was seriously if not fatally injured. Anderson was yesterday arrested and lodged in jail at this place, to await the result of the other's injuries.—*Wil. Journal.*

Scuppenong grapes have put in a slim appearance in our market. Hucksters retail them at only twenty five cents per quart.—*Ib.*

COLORED SCHOOL EXAMINATION.—The exhibition of the pupils of Miss Frances E. Williams's private school at the First Baptist church, colored, on Monday evening, was alike creditable to teacher and pupils. Many of the scholars showed a degree of proficiency, evincing careful and close study. The recitations, declamations, dialogues, vocal and instrumental music were exceedingly satisfactory.—*Norfolk Journal.*

FORGERY, ESCAPE AND ARREST.—On Monday evening, after banking hours, a German, named August B. Miller, had a check cashed for him, amounting to $63, by B. Kayton, proprietor of Germania Hall, Main street. The check was ostensibly signed by H. W. Hoffman, known to be a tobacconist on Market square. Yesterday afternoon, upon presentation of the check at the counter of the Peoples' Bank, it was pronounced a forgery. Whereupon Mr. Kayton called upon constable Steele, who, after telegraphing to several points, learned that Miller had been arrested in Petersburg. The accused will of course be brought back to this city for examination, when he will have to face several other parties defrauded out of small sums of money.

EFFECT OF THE ECLIPSE.—We are told that an entire neighborhood in Mercer county came near being frightened out of their wits by the recent eclipse. They were busy at work in the field, and as they were not a newspaper-reading community knew nothing of what was going to take place. They gazed eagerly upon the darkening face of the sun, until convinced that time was up and the end of all things was drawing nigh, when they abandoned the horse and the wagon, the plow and the hoe. They sought their cribles and began to pray as they momentarily expected Gabriel to sound the last trump.

A WILD BULL ON THE RAMPAGE—TWO CITIZENS FATALLY INJURED.—A most thrilling incident occurred at West Newton, on the line of the Pittsburg and Connellsville railroad, on Thursday morning, by which the usually quiet village was thrown into a state of intense excitement on account of the roaming of an infuriated bullock though the streets of the town by which one man was killed and another fatally injured.

A butcher residing in the town had purchased a bullock which he was driving to the slaughter house. The animal proceeded quietly through the streets of the town until near the slaughter-pen, where, getting a scent of blood, he became furious and unmanageable. He rushed furiously down the main street of the town, attacking every person and anything that came in his way. The butcher was the first object of attack, but skilfully made his escape, and there being several persons upon the street, the bullock made a furious and indiscriminate raid upon every one in his immediate presence. Jacob Kilie, an old German pedler, upwards of sixty years of age, while crossing the street, was gored in a frightful manner. A portion of his lungs was torn out, and one of the animal's horns pierced the heart of the unfortunate victim. Mr. Eislie expired yesterday morning about 3 o'clock, happily released from intense suffering. He was one of the oldest residents of the town, and held in universal esteem.

Dr. Dazert, a German horse doctor, who had but recently moved to West Newton, fared but little better, as he was caught between the head of the infuriated animal and a fence and completely crushed. The maddened brute then made a dash at three ladies who were standing in the door of a millinery establishment, who escaped serious injury and perhaps death by having the presence of mind sufficient to rush into the house and close the door.

The animal then turned his attention to a gentleman on the street, who seeing his danger, started to run for a place of safety, closely pursued. Just at this instant, however, when the beast was about to lower his head to strike his intended victim, the man fortunately struck his foot against a stone, and fell flat upon his face, and the bullock passed over him, and made a dash for some one else. By this time a number of citizens had armed themselves with rifles, and after shooting the animal seven times succeeded in killing him.—*Pittsburg Republic.*

An Irishman, on his way to Manchester, arrived at the forks of a road, where stood a sign board that read: 'Manchester four miles.' "Man chased her four miles! Be the holy poker, I could have caught her mesilf in half the distance."

A married lady being asked to waltz, gave the following sensible and appropriate answer, "No, thank you sir. I have hugging enough at home."

A Frenchman upon the road on "Fast-day" told a boy to hold his horse swift.

"Fast, you mean, don't you, sir?" interrogated the boy.

"Vel, fast den, mais, be gar. I no understand dis."

"There goes a fast horse!" exclaimed a bystander, as streaked by a lively trotting-nag.

"How is zat?" nervously inquired the astonished Frenchman; "zare is one horse fast, and he goes like zunder all ze time; zare is my horse he is fast, too, and he no move."

"This is Fast-day in reality, by the appearance of the road," said another.

"Oh! I see den," said monsieur, "vy dis is fast day; everything is fast; de horse dat goes is fast, ze horse zat is tied is fast, and ze folks zat eat nothing and eat slow is fast. Be jar, what a countrie!"

"Doctor, what do you think is the matter with my little boy?"

"Why, it's only a complicated exegesis and spasmodic colly emanating from the germ of the animal relegator producing a prolific source of irritability in the perigraudial epidermis of the mental profundity."

"Ah! that's what I told Betsy, but she 'lowed it was wurrums."

There was a race between two trains, one on the Chicago and Alton and the other on the Terra Haute Rail Road, last week. The locomotives ran eighteen miles side, by side neither gaining, running a part of the distance the local journals say, at the rate seventy five miles an hour.

DOUBLE SUICIDE OF MAN AND WIFE.—A horrible and unaccountable double suicide was enacted yesterday at Jeffersonville, the victims being a newly-married couple. George Barnacle, a German, after drinking whiskey to excess with his wife, went out and procured a half gallon of beer which he brought home. His wife drank some of this beer, and in ten minutes was a corpse. Before Barnacle could be prevented he drank a large quantity of the same beer and died about noon, half an hour after his wife expired. On making an analysis of the beer it was found to contain arsenic and morphene. It is supposed that Barnacle put it in the beer, as he and his wife were heard to talk of poisoning each other during their orgies. Barnacle has been in low spirits since his marriage by reason of a false statement that his wife's former husband was living.

SPECIAL NOTICES.

A book by General Lee will awaken such special interest, that we are glad to call attention to it. The UNIVERSITY PUBLISHING COMPANY of No. 4 Bond Street, New York, announce that they have now in press, and will issue in a few weeks, "Memoirs of the War," by Gen. Henry Lee, thoroughly revised and corrected by Gen. R. E. Lee who has added also, an entirely new biography of his father, prepared by him from private and personal materials never before used. It will be a large and handsome octavo volume, illustrated by new steel portraits of Gen. Henry Lee and Gen. Nathaniel Greene; beautiful steel engravings of "Marion Crossing the Pedee," and the "Surrender of Cornwallis," and five original maps and plans. Our readers need not be told that this is a work of great interest and value. It is the standard history of military operations at the South during the revolutionary war, and as such is a book which every reading man should possess; but its interest and value are both greatly increased by Gen. Robert E. Lee's thorough revision and correction, and by the valuable biography of his father which he has written and added to it.

We are sure that this announcement, alone, is sufficient to give the book a very great sale, but when we add that Gen Lee is personally interested in its publication, such a sale is made certain.

As we learn that the book is to be sold by canvassing agents only, those who desire to engage in its sale should make early application to the publishers.

Painless Digestion.

"No man," says Sir Astley Cooper "ought to know by his sensations that he has a stomach." In other words, when digestion is perfect there is neither pain nor uneasiness in the region where it takes place. Nausea, want of appetite, flatulency, oppression after eating, [illegible] in the epigastrium, a flushing of the face at meal times, and a furred tongue in the morning, are among the direct symptoms of indigestion. Constipation, biliousness, headache, nervous irritability, physical weakness, and low spirits, are its almost invariable accompaniments. All these indications of DYSPEPSIA, whether immediate or secondary, are usually aggravated by hot weather.

The close of summer is therefore the season when the victim of dyspepsia most urgently needs a tonic and regulating medicine. Of course, every invalid has many advisers. One friend recommends one drug, another another; but in a multitude of counsellors there is not always safety. THE STANDARD REMEDY OF THE PRESENT AGE FOR INDIGESTION, in all its stages, is HOSTETTER'S STOMACH BITTERS. Time, that proves all things, has established its reputation on an impregnable foundation,—the spontaneous testimony of millions of intelligent witnesses. No acrid oil or acid defiles its stimulating principle; its tonic constituents are the finest that botanical research has yet discovered; it combines the properties of a gentle evacuant, a blood depurent, and an anti-bilious medicine, with invigorating qualities of the highest order, and is admitted both by the public and the profession to be the surest protection against all diseases that are produced or propagated by pestiferous air or unwholesome water, that has ever been used either in the United States or Tropical America.

In cases of constipation resulting from a want of muscular tone in the intestines, the effect of the BITTERS is perfectly marvellous; and without the dangerous sequences of mercury, it restores the disordered liver to a normal condition.

SEVERE STORM.—A severe gust of wind and rain, passed over our city yesterday evening, blowing off the tin roofing of the Tryon Street Methodist Church, and uprooting some of the shade trees in the vicinity of that edifice.

The Post Master General has appointed Mr. M. O'Connel, Jr., of South Carolina, Mail Agent on the route between Charlotte and Augusta, in the place of Jas. A. Beattie, removed.

It is said that Vauxhall, who was the favorite on the Saratoga track in a race, during which he suddenly gave out, is ruined forever more—that his day as a race horse is over—that a turfman would not give twenty-five cents for him. McConnell and Thompson, the owners, have won much by him, but now they will never be able to win another race. Not a week ago they were offered $12,000 for him, but they laughed scornfully at the idea of selling him for such a price. Those who assume to be posted say that the horse broke down in the near fore leg, the back tendons giving way. There has been an enormous amount of money lost on him. Before the start the odds were at the rate of $500 to $100, and finally Dr. Underwood had to leave him out of the pools, and sell between the other two horses.

The N. Y. *Times* says of the Gettysburg reunion: A meeting like this is very apt to be seized upon as an opportunity for making reputations which were not made on the day of battle, or for trying to save reputations which were then lost. Even at best it is quite as likely to prove an occasion for distorting history as one for making it clear and straight. What the result will be in the present case we may leave the event to tell; but if it attempts to turn the actual battle into a theoretical one, to cunningly weave what might have been done or ought to have been done into what was done, it is a pity the scheme was ever concocted.

"The ritualistic war has broken out in Massachusetts. The Rev. Mr. Fisse, of Christ Church, Plymouth, being of St. Albanian proclivities, has excited the indignation of Bishop Eastburn, of Massachusetts, who most emphatically is not of St. Albanian proclivities, but who regards candles, crossings, intoning, and genuflections made to the altar, with old-fashioned New-England-horror; so the offending Mr. Fisse has received notice from his spiritual Father that he must not officiate in any Protestant Episcopal Church in Massachusetts."

Judge Nathan Sargent, Commissioner of Customs, writes an opinion that Congress has no legal power to change the location of the National Capital, the District of Columbia having been ceded to the United States "for the permanent seat of government," and the land having been sold to the government on condition that it should be the permanent seat of government.

The Sorosis of New York has arranged the presentation of a testimonial to Ida Lewis, the modern "Grace Darling" of Rhode Island. The compliment consists of a gold pin of the form and inscription used by members, only larger, and having in addition to the words "Sorosis," the legend, "To Ida Lewis, the Heroine." A committee of five were named to make the presentation.

A lady, proudly conscious of her dignity, while descanting on the superiority of nobility, remarked to a large company of visitors that the three classes of the community, nobility, gentry, and commonalty, might be well compared to china, delf, and crockery. A few minutes elapsed, when she sent to the nursery for her little girl. John, the footman, was dispatched with orders to the nursery maid, to whom he bawled from the bottom of the stairs, "Hallo! crockery, bring down little china."

FATAL DUEL AT NEW ORLEANS.—A duel took place at the Oaks, yesterday, between a Mississippian and Orleanian with Mississippi rifles, forty paces. At the second fire the Mississippian (the challenging party was wounded—it is thought mortally.

The Chicago *Post* says: "Amos Skeeter, a well-known resident of this city, and a fine singer, was instantly killed at the Tremont House, last night, by a stranger, who became angry at his attentions. He leaves a large family."

The London Pall Mall Gazette estimates the amount of United States bonds held abroad to be about $1,200,000,000.

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for baking and cooking. We have Stoves to take in Long wood and with large ovens, and are superior Stoves for baking. We are getting out some new patterns of Cooking Stoves, that will burn Bituminous coal, hard coal, or wood. They will have a beautiful finish, and will stand among the No. 1 Cook stoves. Our Cooking stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot Air Furnaces, warranted to burn from 60 to 70 hours with once firing.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage. S. B. SEXTON & CO.,
